

PhD Positions Available

Wireless Communications and Radar Sensing Lab

University of Texas at Dallas Electrical and Computer Engineering Department

Ph.D. positions in Radar Sensing and Wireless Communications are available within the Electrical and Computer Engineering program at the University of Texas, Dallas, starting in Spring 2026/Fall 2026.

To be considered, you must meet the following criteria:

- Hold a Master's degree (or be in the final year of an M.S. program) in Electrical Engineering.
- Have prior experience in radar sensing, wireless communications, and software-defined radios.

If you meet all the above requirements, please email your resume/CV to Prof. Murat Torlak at torlak@utdallas.edu.

Applicants who do not meet the stated criteria will not be considered. Competitive graduate assistantships including full tuition are available for qualified students. GRE score is **NOT** required. If your education language during your bachelor's or master's was English, a TOEFL score is not required as well.
